2000 Mules

Dinesh D'Souza

“2000 Mules,” a documentary film created by Dinesh D’Souza, exposes widespread, coordinated voter fraud in the 2020 election, sufficient to change the overall outcome. Drawing on research provided by the election integrity group True the Vote, “2000 Mules” offers two types of evidence: geo-tracking and video. Video evidence, obtained from official surveillance cameras installed by the states themselves, confirms the geo-tracking evidence. **The movie concludes by exploring numerous ways to prevent vote fraud from happening again.**

Prior to starting the movie, there will be some candidates for the August 9th Primary there to introduce (or their spokespersons) candidates
